

IT'S YOUR LIVER! YOU'RE BILIOUS, HEADACHY, SICK!

Don't Stay Constipated with Breath Bad,
Stomach Sour or a
Cold

Enjoy Life! Live Your Liver and Bow-
els To-night and Feel
Fine

To-night, sure! Remove the liver and
bowel poison which is keeping your head
dizzy, your tongue coated, breath offen-
sive and stomach sour. Don't stay bil-
ious, sick, headachy, constipated and full
of cold. Why don't you get a box of
Cascarets from the drug store now? Eat
one or two to-night and enjoy the nicest,
gentlest liver and bowel cleansing you
ever experienced. You will wake up feel-
ing fit and fine. Cascarets never grip or
bother you all the next day like calomel,
salts and pills. They act gently but
thoroughly. Mothers should give cross,
sick, bilious or feverish children a whole
Cascaret any time. They are harmless
and children love them.—Adv.

The Enemy of Uric Acid Is Anuric

(By L. H. Smith, M. D.)

In spite of the best care one takes of
oneself, any part of the human machine is
liable to become out of order. The most
important organs are the stomach, heart
and kidneys.

The kidneys are the scavengers, and
they work day and night in separating
the poisons from the blood. Their sig-
nals of distress are easily recognized and
include such symptoms as backache, de-
pressions, drowsiness, irritability, head-
aches, dizziness, rheumatic twinges,
dropsy, gout.

The very best way to restore the kid-
neys to their normal state is to drink
plenty of pure water and obtain a small
amount of Anuric, which is dispensed by
most every druggist. Anuric (double
strength) is inexpensive and should be
taken before meals. It is much more potent
than lithia, and many find that Anuric
dissolves uric acid as water does sugar.

People are realizing more and more
every day that the kidneys, just as do
the bowels, need to be flushed occasion-
ally. The kidneys are an eliminative or-
gan and are constantly working, separat-
ing the poisons from the blood. Under
this continual and perpetual action, they
are apt to congest, and then trouble
starts. Uric acid backs up into the sys-
tem, causing rheumatism, neuralgia,
dropsy, and many other serious distur-
bances. It means that you are a victim
to uric acid poisoning. Then ask your
druggist for Anuric, which was first dis-
covered by Dr. Pierce of the Surgical In-
stitute in Buffalo, and which is dispensed
by nearly every druggist in the land.—

Mr. and Mrs. Alba Darrt Observe 50th
Wedding Anniversary.

Mr. and Mrs. Alba Darrt celebrated the
50th anniversary of their marriage last
Saturday by eating supper at the home
of their daughter, Mrs. Rose Aldrich, and
during the evening a large number of
their neighbors called to congratulate
them. Refreshments were served and a
general good time was enjoyed. Mr. and
Mrs. Darrt are among the older residents
of the town, having lived here 49 years,
the last 45 at their present home. They
are enjoying good health, as is shown in
part by their walking home across lots
on the crust the next morning, though
accustomed to drive, because of the rap-
idly failing condition of the road to their
home. Alba Darrt, a member of the well
known family of that name which for a
century has been prominent in southern
Windor county, was born at Weathers-
field Center in 1844, his parents being
Nelson N. and Ruth (Perkins) Darrt.
As soon as he was old enough, he en-
listed at Weathersfield in Co. K, 16th
Vermont regiment. Having served his
time with that organization, he was com-
pelled by a run of typhoid fever to re-
main at home a year, at the end of
which he became a member of Co. H, 10th
regiment, remaining till the end of the
war. Among the battles in which he
was engaged were Gettysburg and Cedar
Creek. Mr. Darrt has always taken a
deep interest in military affairs and is a
charter member of Daniel Lillie post, No.
61, G. A. R., attending the meetings
when able.

Mrs. Darrt was Hattie, daughter of
Elliott and Melissa (Clough) Howe of
Wardsboro, and was born in 1847. She
was married to Mr. Darrt at Acuteville,
March 24, 1867, by Rev. Moses Kim-
ball, pastor of the Congregational church.
Their children were George E. Darrt of
North Springfield, Mrs. Rose A. Aldrich
of Bethel, Anna, who lived only two
years, and Miss Kate Darrt. There are
five grandchildren, William A. Aldrich of
Bernard, Roy, John, Mary and Bernice
Aldrich, living at the Aldrich home in
this town, and a great-grandson, little
Ernest Aldrich of Bernard. Mr. and Mrs.
Darrt are active members of the Lympus
Methodist church. An illustration of
their cordial spirit is the care they have
given almost since her birth to an im-
portant member of the family circle,
Miss Thelma Bradbury, now 13 years of
age, who scarcely could have been better
treated if their own child.

Julia Magivney, Frances Magivney
and Alonzo Spooner, Jr., are ill with the
measles.

Mrs. Elmer Woodward of South Tun-
bridge is with her daughter, Mrs. C. F.
Shepard, for a few days.

Mrs. Cornelia Sheldon, aged 85 years,
fell on the floor of the dining-room at
the home of her daughter, Mrs. George
A. Marsh, where she is spending the win-
ter, last Friday, severely straining the
ligaments in the region of one hip. Dr.
F. A. Edmunds found no bones broken.
Mrs. Hattie Dean is with her.

William Gilchrist has been shut in two
weeks as a result of a log rolling upon
one leg. He is improving slowly.

Mr. and Mrs. A. N. Washburn and
their daughter, Alice, went Saturday to
Morrisville for a short visit.

Ray Parrott of Montpelier came Sat-
urday to visit his aunt, Mrs. D. L. Chad-
wick.

A daughter was born yesterday morn-
ing at the Greene sanatorium to Mr. and
Mrs. Christopher N. Arnold.

Henry W. Preston, who was seriously
ill last winter, has been much better of
late, and has done some work.

The National White River bank last
week had erected at the side entrance of
its building a marquis which protects the
steps and is also quite an ornament. En-
tirely of steel and glass, it was made by
the W. A. Snow Iron Works Co. of Bos-
ton, from blueprints by Penn Vary of
Lynn, Mass., architect of the bank build-
ing itself. The work of erection was
done here by two of the contracting com-
pany's men and required several days.

After spending most of the winter here
working at his trade, John L. Parrott re-
turned Saturday to Adams, Mass., to
work a month, before returning for some
other work here. He was accompanied to
White River Junction by Mrs. Parrott,
who was returning home to Boston after
a two weeks' visit.

WATERBURY

People Are Much Relieved Because There
Are No New Cases of Poliomyelitis.

The tension over the infantile paraly-
sis situation is much relieved since it is
almost two weeks since any new
cases have developed in town. Twice
since then, Dr. Taylor and assistant have
been called to town for suspicious cases
and to visit those already ill. No new
cases were found, however, and the pres-
ent cases were all found doing well.
Churches were all closed again yesterday.
The Waterbury Record contained a fine
article last week on "The Closed Church,"
by Rev. Verne L. Smith. This week
there will be a message by Rev. William
L. Bolcourt. The state board of health
are very complimentary over the way
the town and people have aided them in
co-operation in handling this disease.

NO NEED TO FEAR BALDNESS

Here's a Good Way to Stop Loss of Hair
and Start New Hair Growth

If your hair is falling or thinning out,
don't wait another day, but go to the
Red Cross Pharmacy and get a bottle of
Parisian Sage, the truly efficient hair
grower.

Don't say: "It's the same old story;
I've heard it before," but try a bottle at
their risk. They guarantee Parisian Sage
to grow hair, to stop falling hair, to
cure dandruff and stop scalp itch, or
money back.

Parisian Sage contains just the ele-
ments needed to properly invigorate and
nourish the hair roots. It's a prime fa-
vorite with discriminating ladies, be-
cause it makes the hair soft, bright,
and appear twice as abundant.

Parisian Sage is inexpensive and eas-
ily obtainable at all drug stores.—Adv.

WEST BROOKFIELD

Nine Children of Mr. and Mrs. Walter
Fullam Have Measles.

The nine children of Mr. and Mrs.
Walter Fullam are sick with the measles,
but all are doing well.

Mrs. Mabel Waldo, who was visiting
her parents, Mr. and Mrs. Eddie Boyce,
was called home to Montpelier on ac-
count of the serious illness of her hus-
band, Rollo Waldo.

Harry Ferguson is helping Walter Ful-
lam through sugaring.

Martin Sargent from Randolph vis-
ited at Carl Bowman's recently, also his
daughter, Lena.

Miss Jennie Blanchard closed a very
successful term of school Friday, March
17.

Carlton E. Bowman commenced work-
ing for Fred L. Flint March 19 for the
summer.

Mr. and Mrs. Carl E. Bowman were
quite pleasantly surprised last Wednes-
day evening, when 40 of the neighbors
came in to remind Mrs. Bowman that it
was her birthday anniversary. The la-
dies brought some of their nice cakes
and coffee was prepared and all fared
sumptuously. Levi Abel and Lucy Mc-
Ritchie furnished some good music.
Games were enjoyed and another even-
ing was well spent.

CABOT

There will be a dairyman's meeting in
town hall at Cabot village on Wednesday
evening at 7:30 o'clock, March 28, to
consider the formation of a local branch
of the New England Milk Producers' as-
sociation. A. S. Hall of Paris, Me., will
be present to tell about the organization.
Mark Moody, president of the Washing-
ton County New England Milk Produc-
ers' association, is also expected to be
present. County Agent F. H. Abbott

TONIC FOR GROWING GIRLS

Most growing girls need a tonic,
especially during the years when they
are springing up most rapidly and
when their appetites are most fickle.

A diet of tea and candy will ruin any
girl's chances of future happiness. A
plentiful and scientifically correct diet
might meet all requirements but this is
next to impossible. Hence the need
for a tonic. Almost every doctor's
daughter is given a tonic during her
period of rapid growth but because your
daughter does not actually break down
you do not call a doctor and she gets
thin and pale, fidgets so that she can-
not sit still on a chair, eats the wrong
things, eats too fast, gets too little out-
of-door exercise and perhaps faces St.
Vitus' Dance, or a nervous breakdown.

A great responsibility rests on parents
and Dr. Williams' Pink Pills are the
best and most convenient tonic to aid
them in bringing their daughters to
healthy and happy womanhood. They
supply needed elements to the blood,
and enable it to meet the unusual de-
mands upon it and help to lay a founda-
tion for future health.

The price of Dr. Williams' Pink Pills
is fifty cents per box. Your own druggist
sells them or they will be sent on
receipt of price by the Dr. Williams
Medicine Co., Schenectady, N. Y.

be present to tell about the organization.
Mark Moody, president of the Washing-
ton County New England Milk Produc-
ers' association, is also expected to be
present. County Agent F. H. Abbott
will be present if possible. If you are
interested in getting better prices for
your dairy products, you should attend
this meeting.

LUCKY STRIKE

It's toasted cigarette

WHEN your breakfast toast is just right
—buttered piping hot; brown, crisp,
delicious — you'll admit that it's a
little bit of Heaven on a dark morning.

Keep this agreeable thought in mind as
you read about the new Lucky Strike cigar-
ette. Because it's "tied up" with this same
good old kitchen stove idea. The tobacco—
it's toasted: and *what that toasting does* to the
delicious Burley flavor! My!

There's been a big demand for a cigarette *ready-made*
from Burley tobacco. Last year you had to pour the
Burley out of those green, red and blue tins—enough
for 35 billion cigarettes.

But until we made this toasting discovery a *ready-*
made Burley cigarette wasn't possible—we couldn't hold
the flavor. But now! Well, just try it—Lucky Strike—
the *real* Burley cigarette; the tobacco—it's toasted.

Our men will demonstrate
to you how the tobacco
is toasted—at many stores!
